

Diesel Powered Hydraulic Unit

DP25

Dieselmotor

Engine type: 3-cylinder, 4-stroke water-cooled diesel engine

Maximum power: 25 HP

Emission standard: EPA/CARB Tier 4 (NRTC/NTE test mode)

+ EU Stage V

Starting system: Electric start

Oil consumption: 250 g/kWh

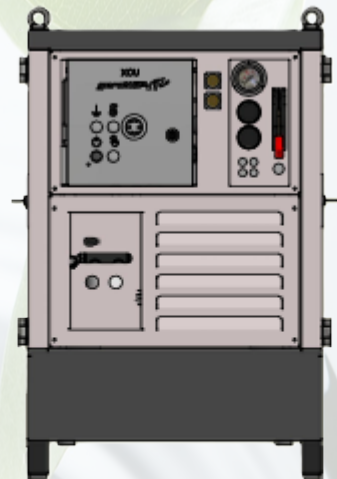

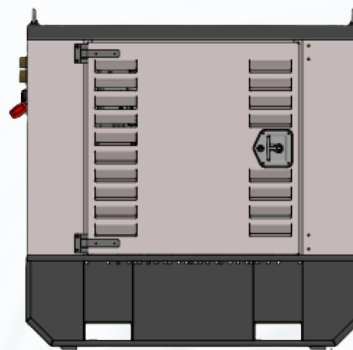

Diesel tank: 30 liters

Pump and Oil tank

Pump: Group 2 double gear pump

Oil tank capacity: 50 liters

Pressure and flow

Pressure: 100-210 bar

Flow: 38-50 liters

Size and weight

Weight: 370 kg

Height incl lifting points:
1123 mm

Length: 1106 mm

Width incl chase: 740
